

Quality Policy

Sunshine Civil Solutions is committed to delivering outstanding service to our clients through timely performance, cost efficiency, attention to quality and care for the environment. Being a leader in our field we aim to achieve and maintain a consistent and exceptional track record with respect to the environment and sustainability.

Quality is everyone's responsibility and all personnel are encouraged to conduct their work with regard for the policies and procedures which form our management system.

Our quality objectives are;

1. Provide a service that meets or exceeds the standards prescribed in relevant specifications, contracts, codes and statutory requirements.
2. Embrace and develop innovations which improve the delivery of services
3. Set and strive to achieve quality targets
4. Develop and implement KPI's to assist with the analysis, adoption and improvement of quality within our company
5. Communicate the importance of effective quality management and conformance with the Quality Management Plan
6. Promote continual improvement
7. Establish partnerships with suppliers and subcontractors to provide an improved service
